Marlene H. Dortch

Secretary

Federal Communications Commission

445 12th Street, SW

Washington, DC 20554

CG Docket Nos. 13-24 and 03-123

RE: Please Grant FCC Approval of the InnoCaption App
Created by Miracom for Smartphone Devices

Dear Secretary Dortch,

The InnoCaption product for Smartphone is an incredibly useful tool for the deaf and hard of hearing. It will literally change their lives! I urge the FCC to grant speedy approval of this amazingly beneficial product.

For example, in the event of a breakdown on the road, we should be able to call a tow service without worry or frustration.

I am not connected with Miracom or the InnoCaption product in any way.

This InnoCaption product is just the app many deaf and hearing-impaired Smartphone users have been looking for to give them freedom, security and mobility they need and want. But the FCC must approve it quickly so the InnoCaption can begin being used!

I urge the Commission to grant quick approval of this exceptionally valuable product.

Thank you for taking serious note of this request.

Sincerely,

Suzanne Stout
